California Manufacturer Self-Certification of Compliance

Self-Certification Of Compliance Number:

I, _____ the undersigned, on behalf of the above named Company, approve, assert, and certify as true and accurate all information shown in this document. I hereby assert that the friction materials bearing the marked proof of certification set forth in this certification document are substantially identical to the products submitted for testing and meet the requirements of all applicable codes, regulations, rules, and laws including those specified in the addendum below. I hereby authorize Automotive Manufacturers Equipment Compliance Agency, Inc. (AMECA) to publicly post all information required to be made public by any United States laws in accordance with the law and any written contracts between AMECA and the Company specified above. I hereby assert that all test results used to issue this self-certification comply with all requirements of the law and any contracts between AMECA and the Company specified above. Company agrees that AMECA shall have no liability to Company or any third party with respect to release of the above referenced Company data to any government agency with the legal authority to receive such data. I hereby assert that I have the authority to make this authorization and assertion on behalf of the Company specified above. Any written modifications to this Affidavit section are not acceptable and invalidate this self-certification. This document shall serve as proof of self-certification as required by Health and Safety Code sections 25250.60 subdivision (c), subdivision (e), and subdivision (g).
